

My name is Tabitha A. Williams. I am a mother of three beautiful children, 25, 23, and 15. My two oldest enlisted in the military (Air Force and Navy). One is still active. The other is a Phlebotomist. My youngest is a sophomore in High School. I have worked for Dallas County Schools for 23 years starting as a bus driver and moving up the ranks. I am now a Safety Specialist/Driver Trainer. I also worked in the special needs department for Dallas ISD as a job coach. This experience gave me joy in seeing special needs students learn new life skills.

In my experience as a trainer, I have had the opportunity to not only train potential bus drivers to obtain their CDL, but also to teach classes on how to manage student behavior, defensive driving, CDL written licensing and safety. I have been a member of TAPT for three years. I am certified through TAPT & TEEKS as a Pupil Transportation Trainer as well as a Special Needs Transportation Specialist. I take pride in my duties to ensure the safe transport of our students. I would take the same pride if elected for the office of NTAPT Historian for the 2016-17 school year.
